Pauletta, I've set up the environmental science connector page for MEW. You should get an automated invitation to join shortly. URL is <https://ssoprod.epa.gov/sso/jsp/obloginESCNew.jsp>

Let me know if/when you've successfully accessed the site and I'll start uploading documents. I'll also send you the key SDMS DocID numbers as promised.

The FYR team consists of Dan Nicoski, Venessa Madden and Greg McCabe. CIC is Dianna Whitaker.

Principles and integrity are expensive, but they are among the very few things worth having.

Dan –

Can you send me scanned copies of important documents generated by you or others since February 2010 or tell me where to find them?

Can you provide me the names of the team members for the Five Year Review and the name of the CIC in public affairs that is assigned MEW?

Thanks for the help
